REINFORCED MEMBRANE

VERSATILE, RELIABLE AND PRINTED

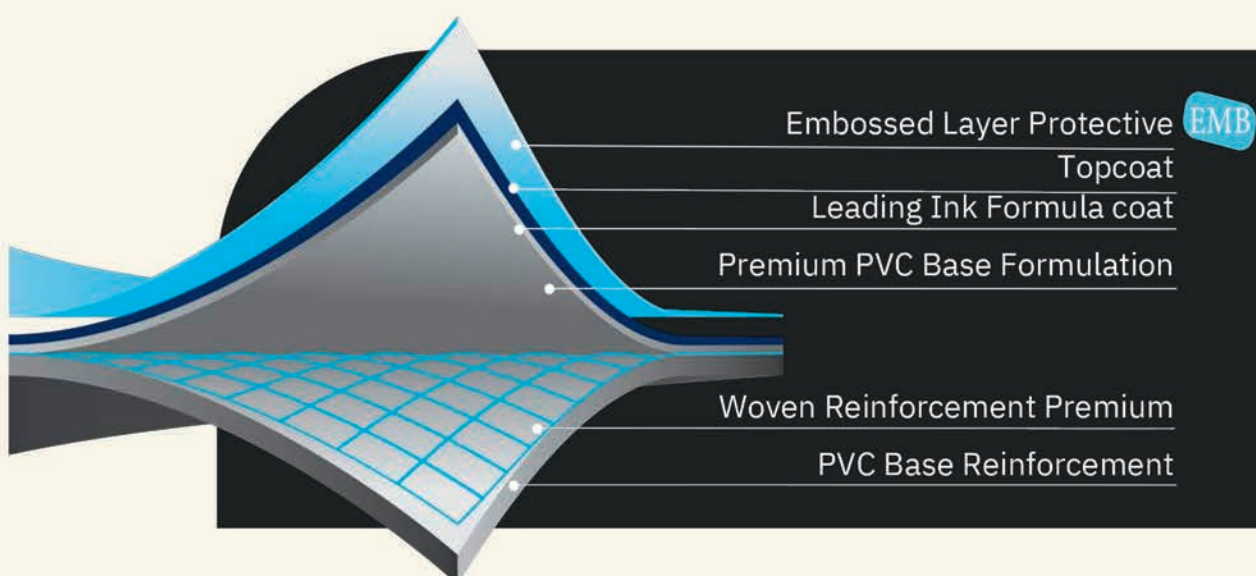

The CGT reinforced membrane material is made of two layers of premium PVC film, reinforced with a woven polyester mesh.

This combination of engineered construction, technical performance and innovative design ensures the perfect fit for your pool.

CGT MEMBRANES ADVANTAGES

- Industry leading UV defense.
- Unparalleled bleach resistant formula achieves the lowest fading levels in the industry.
- Engineered specific protective topcoat to safeguard against stains and print wear.
- High resistance against material cracking.
- Superior handling for easy installation.
- 1.8mm thick 3D material allowing overlap welding and butt welding.

CGT MEMBRANES COMPOSITION

AQUASENSE SIGNATURE

NEW

PRODUCT ADVANTAGES

- 3D MEMBRANE WITH EXCLUSIVE DESIGNS
- MADE WITH 20% OF RECYCLED PVC MATERIAL (ISO 14021)
- EASY INSTALLATION
- FLEXIBLE MATERIAL
- MULTI-LAYERS ACRYLIC LACQUER

Refined Elegance, Supreme Comfort

FIDJI VINTAGE GREY

Experience unmatched elegance with Aquasense Signature.

Crafted for discerning tastes, its exclusive 3D textures elevate every pool into a design masterpiece.

Each edition combines effortless installation, high resistance to stains, and advanced UV protection – for beauty that lasts.

Now made with 20% recycled PVC materials (ISO 14021), Aquasense Signature reflects our commitment to both excellence and sustainability.

Dive into refinement. Choose Aquasense Signature.
